RUN-PCR GREATEST HITS

Special offers on Thermo Scientific™ products:

- High-fidelity DNA polymerases
- dNTPs
- PCR cloning kits
- DNA electrophoresis buffers, agarose, and ladders
- *Taq* DNA polymerases (standard and hot-start)
- Reverse transcriptases
- PCR plastic plates
- PCR plastic tubes, caps, and seals

Essentials Tour 2017

Thermo Scientific™ Phusion™ High-Fidelity DNA Polymerases

Favored over most other high-fidelity DNA polymerases; delivering powerful, accurate, and fast PCR.

- Designed to provide accurate and fast amplification with high inhibitor tolerance
- Robust performance and high yields with minimal amounts of enzyme
- Direct loading on gels with Thermo Scientific™ Phusion™ Green formats

My pipette in hand, walk through the lab door, strutting my stuff all

I use hot-start, my research on fire, I won't stop rockin' till I retire

I'm the king of PCR, there is none higher

Better PCR. All day, every day.

Thermo Scientific™ DreamTaq™ DNA Polymerase

Enables PCR performance that no conventional *Taq* enzyme can match.

- Enhanced for higher sensitivity, yields, and target length than conventional *Taq* DNA polymerase
- Direct gel loading of PCR products with Thermo Scientific™ DreamTaq™ Green formats

Thermo Scientific™ Maxima™ H Minus Reverse Transcriptases

Designed to deliver high efficiency and reliability in cDNA synthesis.

- Improved full-length cDNA synthesis from long templates
- Consistently high yields of cDNA due to sustained enzyme activity over a wide temperature range
- Efficient and reproducible cDNA synthesis for RT-qPCR over a broad range of input RNA
- Formats available with integrated genomic DNA (gDNA) removal step for simplified workflows

Got the kudos, got the grants, and then got paid

High-quality plastics for PCR and qPCR applications

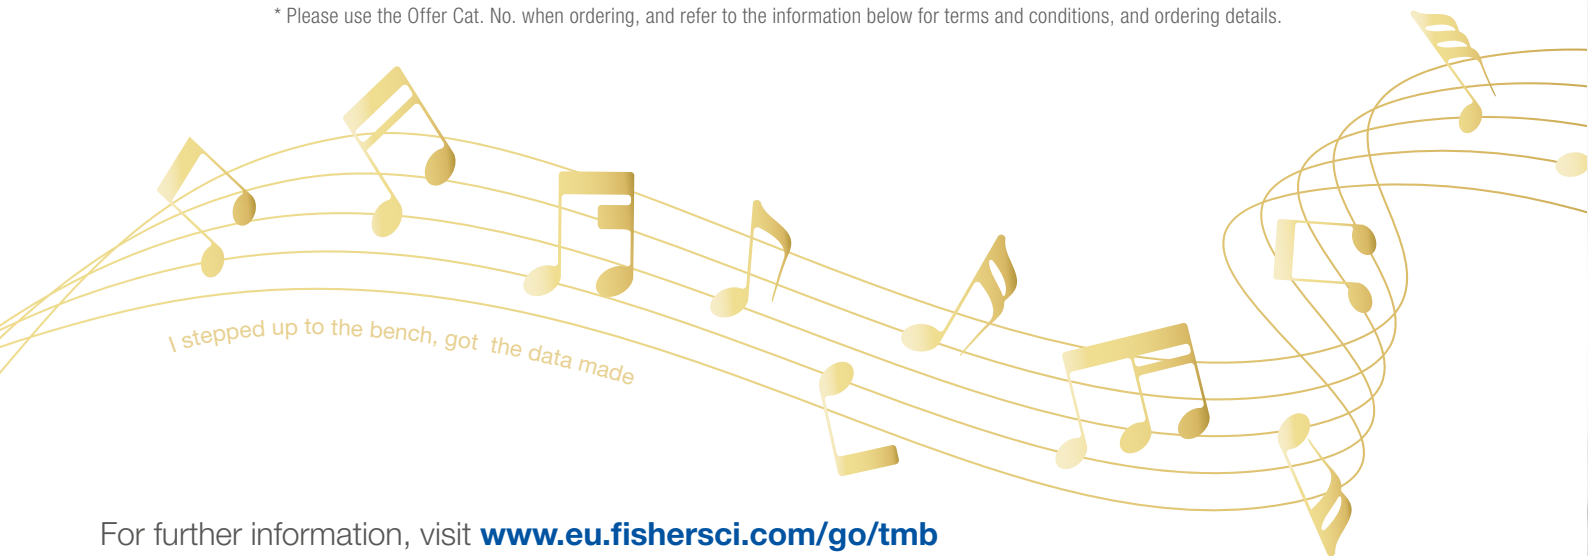

Thermo Scientific™ 96-well PCR plates and adhesive seals

- Designed, manufactured, and tested for PCR performance
- Compatible with most thermal cyclers and qPCR instruments
- Skirted for robotic-arm grip; semi-skirted plates add rigidity and allow for labeling or barcoding
- Strong adhesive seal is peelable and can be pierced with a pipette tip, but leaves no adhesive residue on tip (Cat. No. AB-0626)
- Optically clear, peelable end tabs for easy seal application and removal (Cat. No. AB-1170)
